Anne Ballantyne

DrOP Solutions Inc.

Ballantyna17@gmail.com

DrOP Solutions Inc. creates software applications that assist with monitoring of equipment, inventory management and purchasing for specialized markets. The DrOPs platform works to minimize knowledge and experience gaps of operators by enhancing the useability of information collected by water treatment plants and centralizes and simplifies the market offerings of products.

Brenda Bennett

Elev8.dance

Brenda@elev8.dance

[Website](#)

elev8.dance takes competition event planning and scheduling to a "whole new level". Artistic sports like dancing, baton twirling, cheerleading, and ballroom dancing can benefit from this software developed by dance competition and studio owners, Debra Cadrain and Brenda Bennett.

Jenelle Krahenbil

Humble

Krahenbil.j@gmail.com

Jennifer Herasymuik

eHelply

jennifer.herasymuik@ehelply.com

[Website](#)

eHelply's goal is to help bring ideas to life by reducing barriers to building secure and scalable applications.

Keli Propp

Immigrate

keli@immigrate.biz

[Website](#)

Immigrate is an online Canadian immigration marketplace that specializes in helping Canadian employers with labour shortages gain approval from the government to hire foreign workers. We offer an end-to-end process for employers including immigration applications, international recruitment and immigration services for any foreign workers hired. We ensure that all foreigners have access to licensed professionals to help them with a variety of services including work permits, permanent resident applications, citizenship, and family reunification.

Kellsey Popowich (Stabner)

BLV Agencies Inc a/o Bucket.ca

kellsey@bucket.ca

[Website](#)

Bucket is a platform that allows users to create and achieve their bucket list items, all on their own terms. Our platform will help users generate ideas for bucket list items and take the experience to the next level with the social functionality of collaborating and sharing with friends. Bucket List Vacations wants to help people achieve as many bucket list items as they can by taking the stress and burden out of planning. Users can plan customized itineraries and collaborate or share with friends and family as a group trip or use one of the Bucket List pre-planned vacation packages. Bucket doesn't stop at just travel - whether the goal is fitness, travel or personal we aspire to help users create and complete their bucket list.

Kira Judge

ZenZED

Kirajudge71@gmail.com

[Website](#)

ZenZED is a pilot program that delivers dry products via bike courier service within Circle Drive in Saskatoon. We also educate customers what their choice means for GHG emissions. ZenZED is made up of 7 cyclists and 2 business partners.

Lisa Rong

Sublime Solution Inc.

Lisa.rong@sublime-solution.com

Sublime develops proprietary software in the green and renewable energy space to help with energy efficiency. It also provides consulting resources for business digitalization, data management, and business analytics to improve transparency and allow data-driven decision-making for operation optimization and achieving profit growth.

Nancy Broten

Life Outside Gear Exchange

lifeoutsidegx@gmail.com

[Website](#)

Life Outside Gear Exchange is a consignment store for outdoor gear and clothing. The business is growing to an online platform with Gear Tent, a 2-way marketplace for users to sell and buy high quality used gear for less, delivered to their doorstep from other Canadian homes.
